

## BODE X-Wipes Safety Pack

Your versatile helper that ensures maximum compliance in high risk areas with simultaneously convenient and easy use.

### Advantages at a glance

- BODE X-Wipes fleece roll in the Safety Pack with integrated filling/dispensing opening
- Flexibility known from the BODE X-Wipes system combined with a maximum of hygienic safety, as no reprocessing is necessary
- Targeted use in high-risk areas
- Good stability
- High-quality PET fleece guarantees optimal release of active ingredients
- Suitable for all liquid surface disinfectants or exclusive products for instrument reprocessing from HARTMANN

### Areas of application

BODE X-Wipes Safety Pack is recommended for the disinfecting surface cleaning in all areas of health care facilities and laboratories that require maximum hygiene, cost-effectiveness, and user convenience, for example:

- on work surfaces
- on patient stretchers
- on near-patient surfaces
- on surfaces in isolation rooms
- to prevent cross contamination in critical hygiene areas
- in areas that have no water connection

BODE X-Wipes Safety Pack is especially for high risk areas, however it is also recommended for medium to low risk areas without worrying about reprocessing of dispenser.

### Application

BODE X-Wipes Safety Pack can be used with all liquid surface disinfectants or exclusive products for instrument reprocessing from HARTMANN. The system is filled with 2.0 litres of disinfection solution.

When preparing use-solutions from concentrates (e.g. Mikrobac® forte, Kohrsolin® FF), choose at least the use concentration of 0.5% or higher. When preparing use-solutions, always observe the application and safety information of the respective product. Alcohol-based rapid disinfectant (e.g. Bacillol® AF, Bacillol® 30 Sensitive Foam) are ready-to-use and are used undiluted.

# BODE X-Wipes Safety Pack
