

Dismofix[®] G

Gloss finish cleaner for all water-resistant surfaces.

Dismofix® G

Advantages at a glance

- dries without leaving streaks
- low foaming, therefore can be used manually and automated
- high cleaning power

Application

Dismofix G is a gloss cleaner for the maintenance cleaning of all washable surfaces and coated floors, and for streak-free cleaning of sensitive surfaces such as glass, plastics and ceramics. For the automated cleaning of all treated floors with cleaning machines and for the cleaning of conductive flooring.

Areas of application

Dismofix G is suitable as gloss finish cleaner for all washable surfaces and laminated floors.

Dismofix G is particularly suitable for the

- cleaning of all water-resistant materials, e.g. synthetics, varnished surfaces
- streak-free cleaning of sensitive surfaces such as glass, mirrors, stainless steel and ceramics
- maintenance cleaning of all laminated floors
- automated cleaning of all floors with floor cleaning machines
- cleaning of electrostatic discharge flooring

Directions for use

Dismofix G is supplied as concentrate. Use with cold water only.

Composition

Non-ionic surfactants, alcohols, fragrances, auxiliary sub-stances.

Areas of Application	Concentration
Normal soiling	
– manual	0.5 %
