

## Sterillium® spray de pies

Foot spray with double effect: Cools and can provide prophylactic\* protection against athlete's foot.

### Application

Sterillium® spray de pies provides cooling and refreshing care and gives stressed feet an invigorating feeling. At the same time, regular use can help to prevent athlete's foot. There is a risk of contracting athlete's foot, especially in warm, humid areas where people walk barefoot or without shoes, e.g.

- washrooms and shower rooms
- swimming pools
- saunas
- fitness studios

### Directions for use

Complete coverage: Ensure even application and let dry for 30 seconds.

- **24-hour odor protection:** Keeps feet fresh all day long
- **No noticeable residue, no stickiness:** Enjoy a dry feel after every use.
- **Clean Skin Feeling:** Leaves your feet feeling refreshed and clean.
- **Pleasant Application**
- **Skin-Friendly:** Perfect for sensitive skin prone to dryness and itching.
- **Well-Tolerated:** Gentle on your skin.
- **Can be also used for footwear\*\***

### Composition

Isopropyl Alcohol, Aqua, Benzalkonium Chloride
